Sir:

In response to the Office Action of September 30, 2002, a Request for Extension of Time being filed herewith, please amend the application as follows:

IN THE CLAIMS:

1. (Currently Amended) A storage device for a disc media, the storage device comprising:
 - (a) a case, the case comprising:
 - (i) bottom, top, left-side, right-side, and back-side case walls defining a generally rectangular, box-like shape having a bottom, top, left side, right side, back side, and front side,
 - (ii) a cavity defined inside the case walls that is at least sufficient to accommodate the disc media, and
 - (iii) an opening defined in the front side of the case, the opening being at least sufficient for inserting the disc media edgewise into the cavity;
 - (b) a tray, the tray comprising:
 - (i) central, left-side, and right-side tray walls defining a generally rectangular, tray-like shape,
 - (ii) the left-side and right-side tray walls being sufficiently spaced apart such that the left-side and right-side case walls of the case can be positioned between the left-side and right-side tray walls
